PROFESSIONAL SUMMARY

I am a B.Tech Artificial Intelligence and Data Science student with a strong interest in technology, AI, and software development. I have knowledge of Python, Java, HTML, CSS, and JavaScript and enjoy building practical applications. I have gained hands-on experience through internships in web and frontend development. I am a quick learner, a good team player, and passionate about solving real-world problems using technology. I am seeking opportunities to enhance my skills and grow into a successful AI and software professional.
